

NYGÅRD International was founded by Peter J. Nygård in 1967 and has grown to become one of the most successful Fashion companies in North America.

The company expanded into the United States in 1978. As a result of its increasingly diverse business activities, in 1987 Nygård opened the company's International Sales and Marketing Headquarters in Toronto, Canada that is a showcase for both Toronto and the Fashion Industry.

With its new World Headquarters located in the heart of New York City's Times Square, NYGÅRD also has complete design, production and distribution facilities in Winnipeg and Los Angeles, sales and marketing offices throughout Canada and the US, and extensive operations throughout Asia.
